

Congratulations, Magda! You Passed the Academy Challenge!

uTest <no-reply@m.utest.com>

So, 07.01.2023 19:24

Do: Magda Kmiecik <magdalenakmiecik@outlook.com>

You did it, Magda!

You had at least one bug report and a test case approved in the **Academy Challenge** practice test cycle, which means you have **passed** this cycle.

That means you have officially **graduated** from the uTest Academy!
Congratulations!

Our Test Engineers have full visibility into a tester's Academy grades, and they love to see testers who have graduated from all five practice test cycles. This demonstrates to them your dedication, your willingness to learn, and your high quality of work.

Here are some other tips for increasing your project invitations on uTest:

- Keep your [tester profile](#) complete and up-to-date, including any OS updates to your devices
- Respond to Special Requirement Surveys, which help us match you with projects
- Apply to projects on our [Projects Board](#) (new projects are added daily!)
- Look out for our uTest emails, where we share weekly project opportunities and uTest contest announcements

Login now to see what opportunities are available on your Projects home!

[LOGIN NOW](#)

And don't let this be the end of your learning! There are lots of courses in the [Academy](#) that we encourage you to explore.

Happy testing!

- the uTest Team
